

## Eureka

Where is it?  
I know I've seen it  
Somewhere  
Not long ago.  
A few weeks or months,  
Maybe a year or two.

I can see it  
In my head  
In the little drawer  
On the left  
In the bureau  
But  
I've looked there  
Twice.

I might have put it  
Upstairs  
In the wardrobe?  
No surely not  
But  
I'll just look.  
No, stupid  
I knew it wasn't  
There.

It sat a long time  
On the windowsill  
In the kitchen  
Fading in the sun.  
So I put it  
In a safe place  
In the bureau drawer  
But  
I've looked there  
Twice.

Perhaps  
ames borrowed it  
He never put things  
Back  
In the right place.  
I'll look in his desk.  
Well  
I'll never find it  
In this mess.

I know  
I had it last summer  
In the garden.  
So maybe  
I put it in the shed?  
Oh no  
I wouldn't do  
That.

They say  
That when a thing  
Is lost  
It's always where  
You first thought  
It was.  
But I've looked  
In the bureau drawer  
Twice.

I'll just look  
Again  
Although I know  
It isn't there  
It's not in the drawer  
Oh - what's that at the back?  
Eureka!
